Your Submission

I wish to make a submission for the new Clare County Development Plan. I am house owner at ■ Dun Na Mara Doonbeg Clare. At present the land at the rear of our property is zoned for tourism and I would like to propose that this be changed in the new plan, to have it zoned for agriculture lands.

Any proposal for access to or from this land through Dun Na Mara estate would put young children's safety at risk. There are a number of families with young children in this small enclosure of houses, with a narrow access road into the estate. Any future development of tourism to this land at the rear of our properties, would require access either through the N67 or through our small estate. There are many other

reasons for stating that this land is most unsuitable for tourism, but the most important one as far as I am concerned is the risk that potential increase of traffic would put on the safety of our young children
