Subject: Submission to Draft Clare County Development Plan 2023-2029

To Whom it May Concern,

I would like to propose that the lands identified in the below image hatched in purple be included in the Village Growth Area for O'Callaghan's Mills. This area is currently zoned Agriculture but its inclusion as a Village Growth Area would bring numerous benefits to the village of O'Callaghan's Mills. The location adjacent to the already widened area in front of the church and GAA field as identified in the proposed development plan would complement any future civic spaces in this area.

Inclusion of this area as a village Growth Area would bring many economic and social advantages to the village of O'Callaghan's Mills but also convenience to future Dwellers due to the location of the School, Church, GAA field and the security and secluded potential of the Site itself.

Image 1; Red arrow points to the purple hatched area and the lands proposed to be included in the Village Growth Area

Kind Regards,
Conor Cooney.
