“Proposed Amendments to the Draft Clare Draft Development Plan 2023-2029”
Newmarket on Fergus - R5 Knocknasaggart

Dear Sir / Madam

Further to the inclusion of the designation “R5 – Knocknasaggart” the following submission is made for consideration.

Having regard to the comments of the Chief Executive in response to the submission of 18th February, 2022 and to the inclusion of “R6 Lisduff” in the draft plan which provides zoning on the southern part of the village promoting balanced , orderly development and the sequential growth of the village it is considered that “R5 Knocknasaggart” can be redesignated “Strategic Reserve” which can be released should the allocated population growth for the village be met.

Yours Sincerely

Aisling Halpin
