**Subject:** Submission re Draft County Development Plan (dCDP) 2023-2029 - Ennis Vol 3A - Amendment to S 1.8" The Public Realm and Built Environment" - inclusion of Abbey Street for public realm improvement.

Dear Forward planning

I was happy to propose the inclusion of Abbey Street in the list of areas in S1.8 of the Ennis Volume of the dCDP in terms of " In relation to Ennis Town Centre and surrounding area , public realm improvements will be focused on the following areas ..."

I support the inclusion of " Abbey Street " , for public realm improvements in the above referenced amendment to S1.8 of the Ennis Volume of dCDP.

That amendment to S 1.8 also deletes the reference to Parnel Street & Lanes as an area for improvement ms as the public reslm upgrades are essentially completed

Section 1.8 also states that the remaining sites other than Opportunity Sites " are discussed in more detail in S 1.8.1 below."

S 1.8.1 includes a description of the deleted Parnel Street & Lanes project but does not provide a description of a potential Abbey Street public realm improvement.

Conclusion

I suggest the following amendment to S 1.8.1 - the removal of the description of the Parnell Street & Lanes upgrade and inclusion of a description of a potential Abbey Street public realm improvement.

Regards
