RE: Proposed Amendments to the Draft Clare County Council Development Plan 2023-2029

Date: 1st January 2023

Dear Sir/Madam,

I am objecting to the proposed amendments to the Draft Clare County Development Plan 2023. RE: Lisdoonvarna Settlement Plan.

My objection is due to the fact that many people in this community have concerns as to what exactly is going to be built if the land is changed to serviced sites.

1. Is it going to be rapid build Modular Homes?
2. The population in this small village has increased by at least 1,000 extra people living here. Who will benefit from these serviced sites?
3. This small community is under so much pressure already, the queue for the post office is shocking. I'm eighty years of age standing in the lashing rain and wind.
4. On numerous occasions, the queue for the bus is so long , there isn't any spaces left . I have to get the 7:45am bus otherwise I may not be able to get to appointments in Ennis or Ennistymon.
5. We have no Garda station in the village. It very frightening walking to the bus stop in the dark at 7:45am.

Yours Sincerely,
